EXECUTIVE SUMMARY	III
BOWKER CREEK WATERSHED MANAGEMENT PLAN (2003) VISION.....	III
2003 WATERSHED MANAGEMENT PLAN GOALS	III
GLOSSARY	IV
1.0 INTRODUCTION	1
1.1 BACKGROUND	1
1.2 DESCRIPTION OF THE WATERSHED	1
1.3 SCOPE OF THE STUDY	2
1.4 PROJECT TEAM	4
1.5 REPORT FORMAT	4
2.0 DEVELOPMENT OF THE BOWKER CREEK BLUEPRINT	5
2.1 INTEGRATING FACTORS IN WATERSHED MANAGEMENT	5
2.2 DATA COLLECTION AND ANALYSIS	5
2.3 DEVELOPING RECOMMENDATIONS FOR THE CREEK CORRIDOR AND THE WHOLE WATERSHED	6
2.4 PUBLIC CONSULTATION	6
3.0 WATERSHED ISSUES, VISION, GOALS, AND OBJECTIVES	7
3.1 ISSUES.....	7
3.2 VISION, GOALS AND OBJECTIVES	7
<i>The Bowker Creek Watershed Management Plan Vision</i>	7
<i>The Bowker Creek Watershed Management Plan Goals and Objectives</i>	7
3.3 A 100-YEAR VISION FOR THE BOWKER CREEK WATERSHED	7
4.0 PRINCIPLES AND ACTIONS FOR WATERSHED MANAGEMENT—SUMMARY	10
4.1 PRINCIPLES	10
1. <i>Use creek-friendly management approaches wherever possible</i>	10
2. <i>Adopt requirements to reduce effective impervious area for new developments</i>	10
3. <i>Construct infiltration and retention features in boulevards</i>	11
4. <i>Incorporate Bowker Creek goals into municipal plans</i>	11
5. <i>Maintain effective communication of the Bowker Creek vision, goals, and actions</i>	11
6. <i>Plant trees and shrubs and protect existing trees</i>	11
7. <i>Purchase and protect key land in the watershed</i>	12
8. <i>Incorporate proposed greenways into land use planning</i>	12
9. <i>Include climate change adaptation and mitigation in all activities</i>	12
4.2 DETAILED WATERSHED MANAGEMENT ACTIONS	12
5.0 ACTIONS TO IMPROVE THE CREEK CORRIDOR—SUMMARY	15
5.1 CURRENT CREEK CORRIDOR	15
5.2 ENVISIONING THE FUTURE OF THE CREEK CORRIDOR.....	15
6.0 KEY ACTIONS FOR SHORT-TERM IMPLEMENTATION	21
6.1 TEN KEY ACTIONS FOR SHORT-TERM IMPLEMENTATION.....	21
1. <i>Review and revise municipal plans to include Bowker Creek goals and actions</i>	21
2. <i>Adopt requirements to reduce effective impervious area for new developments</i>	21
3. <i>Remove specific invasive species beginning to colonize the watershed</i>	21

4. <i>Complete a pilot project to locate and build a demonstration rainwater infiltration/retention structure in each municipality</i>	21
5. <i>Support development of an urban forest strategy in Oak Bay to complement those underway in Saanich and Victoria</i>	22
6. <i>Develop a strategy to acquire key properties as they come available</i>	22
7. <i>Work with Oak Bay High School to design and implement creek restoration on school district property</i>	22
8. <i>Participate in the Shelbourne Corridor Action Plan process to identify current and future opportunities for creek restoration, rainwater infiltration, and/or greenway development</i>	22
9. <i>Work with creek-side landowners between Pearl and Trent Streets to achieve the long-term vision</i>	22
10. <i>Continue with restoration at Browning Park</i>	22
7.0 MONITORING PROGRAM	23
7.1 MONITORING VARIABLES	23
A. <i>Watershed Wide Monitoring Variables</i>	23
B. <i>Creek Corridor Monitoring Variables</i>	23
C. <i>Water and Sediment Quality Variables</i>	24
7.2 MONITORING FREQUENCY	24
7.3 BASELINE CONDITIONS, 2009.....	24
A. <i>Watershed Wide Monitoring Variables Results</i>	24
B. <i>Creek Corridor Variables Results</i>	25
C. <i>Water and Sediment Quality Results</i>	28

CHARACTERISTICS OF BOWKER CREEK REACHES	36
REACH 1: MONTEITH STREET TO CREEK MOUTH	38
<i>Action List for Reach 1: Monteith Street to creek mouth</i>	39
REACH 2: ANN STREET TO MONTEITH STREET	40
<i>Action List for Reach 2: St. Ann Street to Monteith Street</i>	41
REACH 3: DOWNSTREAM OF OAK BAY TENNIS BUBBLE TO ST. ANN STREET	42
<i>Action List for Reach 3: Downstream of Oak Bay tennis bubble to St. Ann Street</i>	43
REACH 4: OAK BAY TENNIS BUBBLE	44

REACH 3: DOWNSTREAM OF OAK BAY TENNIS BUBBLE TO ST. ANN STREET	42
<i>Action List for Reach 3: Downstream of Oak Bay tennis bubble to St. Ann Street</i>	43
REACH 4: OAK BAY TENNIS BUBBLE	44
<i>Action List for Reach 4: Oak Bay tennis bubble</i>	45
REACH 5: CADBORO BAY ROAD TO OAK BAY RECREATION CENTRE	46
<i>Action List for Reach 5: Cadboro Bay Road to Oak Bay Recreation Centre</i>	47
REACH 6: TRENT STREET TO CADBORO BAY ROAD	48
<i>Action List for Reach 6: Trent Street to Cadboro Bay Road</i>	49
REACH 7: RICHMOND ROAD TO TRENT STREET	50
<i>Action List for Reach 7: Richmond Road to Trent Street</i>	51
REACH 8: NEWTON STREET TO RICHMOND ROAD	52
<i>Action List for Reach 8: Newton Street to Richmond Road</i>	53
REACH 9: PEARL STREET TO NEWTON STREET	54
<i>Action List for Reach 9: Pearl Street to Newton Street</i>	55
REACH 10: CLAWTHORPE AVENUE TO PEARL STREET	56
<i>Action List for Reach 10: Clawthorpe Avenue to Pearl Street</i>	57
REACH 11: NORTH DAIRY ROAD TO CLAWTHORPE AVENUE	58
<i>Action List for Reach 11: North Dairy Road to Clawthorpe Avenue</i>	59
REACH 12: KNIGHT AVENUE TO NORTH DAIRY ROAD	60
<i>Action List for Reach 12: Knight Avenue to North Dairy Road</i>	61
REACH 13: GARNET ROAD TO KNIGHT AVENUE	62
<i>Action List for Reach 13: Garnet Road to Knight Avenue</i>	63
REACH 14: GORDON HEAD ROAD TO GARNET ROAD	64
<i>Action List for Reach 14: Gordon Head Road to Garnet Road</i>	65
REACH 15: THE UNIVERSITY CLUB OF VICTORIA (THE HEADWATERS) TO GORDON HEAD ROAD	66
<i>Action List for Reach 15: The University Club of Victoria (the headwaters) to Gordon Head Road</i>	67
REACH 16: CEDAR HILL RECREATION CENTRE TO CLAWTHORPE AVENUE	68
<i>Action List for Reach 16: Cedar Hill Recreation Centre to Clawthorpe Avenue (Tributary)</i>	69
REACH 17: CEDAR HILL RECREATION CENTRE AND CEDAR HILL GOLF COURSE (TRIBUTARY)	70
<i>Action List for Reach 17: Cedar Hill Recreation Centre and Cedar Hill Golf Course (Tributary)</i>	71
APPENDIX C—BOWKER CREEK CHANNEL RESTORATION NEEDS AND PRESCRIPTIONS	73
INTRODUCTION	73
GENERAL RESTORATION RECOMMENDATIONS	73
REACH SUMMARIES AND PRESCRIPTIONS	74
<i>Reach 1a (Blueprint Reach # 1)</i>	74
<i>Reach 1b (Blueprint Reach # 1)</i>	76
<i>Reach 2 (Blueprint Reach #1)</i>	78
<i>Reach 3 (Blueprint Reach #3)</i>	80
<i>Reach 4 (Blueprint Reach #3)</i>	82
<i>Reach 5 (Blueprint Reach # 5)</i>	83
<i>Reach 6 (Blueprint Reach #5)</i>	84
<i>Reach 7 (Blueprint Reach #7)</i>	86
<i>Reach 8 (Blueprint Reach #7)</i>	90
<i>Reach 9 (Blueprint Reach #9)</i>	92
<i>Reach 10 (Blueprint Reach #12)</i>	94
<i>Reach 11 (Blueprint Reach #12)</i>	96
<i>Reach 12 (Blueprint Reach #15)</i>	98
<i>Reach 13 (Blueprint Reach #15)</i>	100

<i>Reach 14 (Blueprint Reach 15)</i>	102
<i>Reach 15 (Blueprint #17)</i>	104
<i>Reach 16 (Blueprint Reach #17)</i>	106
APPENDIX C-1: RECOMMENDED PLANT SPECIES FOR RIPARIAN RESTORATION PROJECTS ON BOWKER CREEK	109
APPENDIX C-2: COMMON AND LATIN NAMES FOR COMMONLY-OCCURRING BOWKER CREEK RIPARIAN VEGETATION	110

APPENDIX D—METHODOLOGY OF THE BLUEPRINT MONITORING PROGRAM 111

WATERSHED WIDE VARIABLES METHODOLOGIES	111
1. <i>Watershed Health Tracking System</i>	111
2. <i>Urban Tree Cover (% of watershed)</i>	116
CREEK CORRIDOR VARIABLES	116
3. <i>Creek length above ground</i>	116
4. <i>Restoration of open creek sections</i>	116
5. <i>Length of greenway developed</i>	116
WATER AND SEDIMENT QUALITY VARIABLES	116
6. <i>Water and Sediment Quality</i>	116
